## The Economist Guide to Economic Indicators Making Sense of Economics

By The Economist

Wiley. Hardcover. Book Condition: New. Hardcover. 224 pages. Dimensions: 9.0in. x 6.1in. x 0.8in. A blueprint for understanding and interpreting essential economic information. From the publishers of The Economist, the renowned international business weekly, this practical resource offers a detailed road map of all the major and many of the less well-known economic indicators in existence today. Explaining exactly what they are, why they are significant, how reliable they are, and perhaps, most importantly how to interpret them, it covers over 100 indicators, including: GDP Population, employment, unemployment Public expenditure Personal and disposable income Fixed investments Imports and exports Nominal exchange rates Money supply and money stock Wages, earnings, and labor costs. Clearly organized, accurate, and accessible, The Economist Guide to Economic Indicators is an indispensable reference for understanding key economic data from around the world. Success in today's global business environment requires a thorough knowledge of important economic figures and a firm grasp of their meaning. Now, The Economist Guide to Economic Indicators provides you with a detailed road map of all the major and many of the less well-known indicators that exist worldwide. Economic indicators provide invaluable insights into how different economies and different markets are performing, enabling practitioners to adjust their investment strategies in order...
