

India: The Rise of an Asian Giant

Filesize: 2.07 MB

Reviews

It is an awesome book that we have possibly go through. It is actually writter in straightforward words and phrases and not confusing. It is extremely difficult to leave it before concluding, once you begin to read the book.

INDIA: THE RISE OF AN ASIAN GIANT

Yale University Press, United States, 2009. Paperback. Book Condition: New. 192 x 124 mm. Language: English . Brand New Book. With growing economic might, new political influence, and changing social dynamics, India has emerged as a major world power in the twenty-first century. This book charts the important features of India's development since its independence in 1947, assessing those forces that have contributed to the nation's growth as well as those that have impeded it. Through the lens of India's past, Dietmar Rothermund offers a new perspective on India today and a fascinating look into the nation's future. The author explores the diverse roots of India's economic robustness, from agriculture to the export boom. He looks closely at the country's democratic system, nuclear decisions, and alliance with the U.S. against terror. In his review of social changes, Rothermund discusses the institution of caste, the rise of a new middle class, the persistence of poverty, the media and Bollywood, and the significance of the global diaspora of twenty million Indians. In sum, he offers an impressive profile of India, an Asian giant whose role in the world's future will surely be unique and important.
