These fellows were regularly registered in the Graduate School of the University. They pursued such courses as ordinarily constitute a study program of candidates for the doctorate in philosophy, majoring in the Division of Agricultural Biochemistry. Research problems were selected and outlined in conference with their advisors in this Division, actual work on the problems being pursued, by special agreement, chiefly in the laboratories of the American Institute of Baking. Theses based on this research were duly presented in partial fulfillment of the degree of Doctor of Philosophy, and accepted by committees of the Graduate School of the University. These theses are, by agreement with the graduate faculty of the Division of Agricultural Biochemistry, published by their respective authors as bulletins of the American Institute of Baking.
