So if you are not already an environmentalist, then jump on the bandwagon and take a ride. It will only benefit every person on the planet! In *Sprout Right*, registered nutrition consultant Lianne Phillipson-Webb clearly explains simple nutritional steps to influence the health of your baby from conception to birth, what a breastfeeding mom should be eating to fortify nature's perfect food, what to look for in a formula, and everything you need to know about starting your baby on solids with ease and confidence. Phillipson-Webb also explains how the *Sprout Right* approach allows baby's digestive system to mature, hopefully lessening the potential for allergies and reactions, and then progress to family food in the toddler years.
