That s what you get when you embark on The Disney College Program, offered by Walt Disney World and Disneyland. This book is specific to the Walt Disney World experience and explores what many participants go through and what to expect while on the program. Whether you re looking into doing the program, or you just want to see what the experience is like, you will absolutely find this story useful. Disney is known for making dreams come true, and they continue to make those dreams a reality for college/university students all across the world. The book explores different components of the program including the living arrangements, learning opportunities, and what you can expect to earn while on the program. All of the information provided is being explained to you from personal experiences. Though anyone s experience on the program will differ, the book really strives to explain it in an universal perspective for everyone to understand and grasp. Other books that people have written about The Disney College Program have hundreds and hundreds of pages. This book I have written for you was intended to read in one sitting, yet still have all of the relevant information you need to have a better understanding of the experience. Short, sweet and to the point best describes the book, and I am highly confident you will find it useful.
