How to Know the Truth Absolutely: Illustrated Science

By Rolf A F Witzsche

Createspace Independent Publishing Platform, United States, 2016. Paperback. Book Condition: New. Illustrated. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.To know the truth absolutely! That's often deemed impossible. However, the notion is false. What is truth, is knowable. The book presented here illustrates how it is possible for a person to solve complex problems, such as to double a square, in area, and then to know in the end that the result is absolutely correct; and all this without one having any special knowledge in mathematics and geometry. Plato illustrated how this is done in his Meno Dialog in the Republic. Now extend the process further and build on the Meno principle to prove the Pythagorean theorem. At first glance, this seems impossible. However, when one extends the Meno principle, by understanding its expression, one can say with absolute certainty that the result is correct by simply looking at the process with which the answer is derived. Plasma in the physical universe is as challenging in perception as the spiritual domain in the human sphere. Both are invisible, except by their effects, but they are understandable and knowable. On the same basis it...
