Human Personality and its Survival of Bodily Death: v.iv.

By Frederic William Henry Myers

Dover Publications Inc., United States, 2005. Paperback. Book Condition: New. 213 x 137 mm. Language: English . Brand New Book. First published nearly 100 years ago, this work is still considered by many to be the most comprehensive book on telepathy and the unconscious. Regarded by psychologist William James as the pioneer who staked out a vast tract of mental wilderness and planted the flag of genuine science on it, Frederic Myers brought together, in a book richly documented with fact, a great store of information on extrasensory perception, hypnotism, and related topics. Dover's complete reprint of the one-volume edition of Myers classic makes the work much more accessible to students and teachers of psychology as well as to interested general readers.
